

CREATION - WEEK #1

THE LORD GIVES LIFE

Genesis 1-2

THINGS TO THINK ABOUT

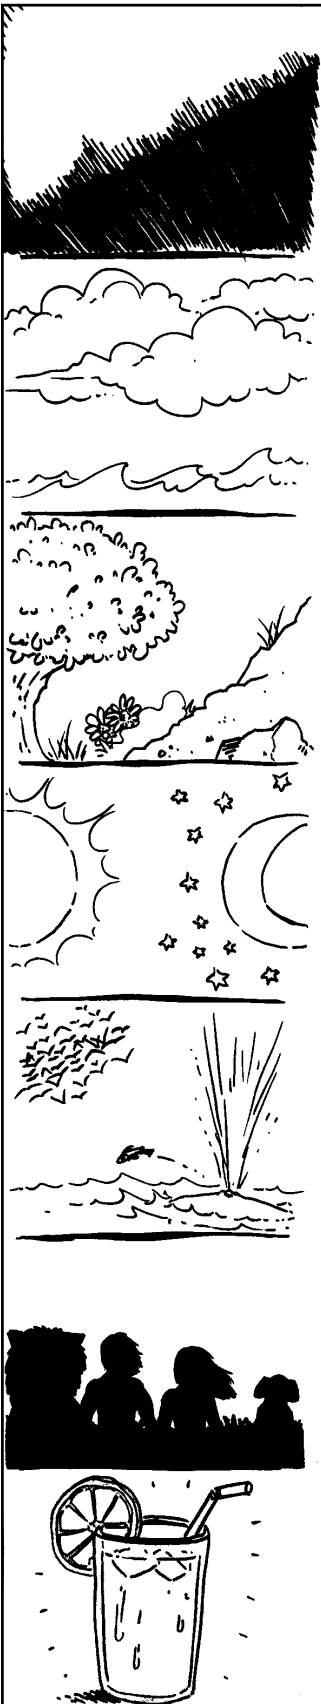

1. Imagine how creative God must be to have invented the whole universe! I wonder why he made the universe so big and full of surprises?
2. I wonder why God wanted to make people? I wonder why he wanted to have a special relationship with them?
3. I wonder how we can enjoy a special relationship with God, even though we don't get to live right next to him like Adam and Eve did?

MY PRAYERS FOR THIS WEEK

BEDTIME BLESSING

May you know you are loved by God and your family.
May you enjoy the life God has given you today and always!

NEXT WEEK: Genesis 3-4

In the beginning, God created heaven and the earth. He created light and dark, day and night, sky and water, land and sea. He filled his creation with all the plants and animals of the earth. Then he made two more special lives: Adam and Eve, the first people. They lived with him, and he lived with them. Just the way it was meant to be.
